

SAINT PETER'S SPORTS MEDICINE INSTITUTE CONGRATULATES BIG BLUE ON THEIR NEW STADIUM

WE SPECIALIZE IN PREVENTION, TREATMENT AND REHABILITATION OF SPORTS INJURIES...AND MORE.

Saint Peter's Sports Medicine Institute offers a multidisciplinary approach to treatment that recognizes the unique relationship between sports medicine, orthopedic surgery and physical rehabilitation.

Whether you're injured, suffer from osteoporosis or arthritis, recovering from surgery, or just want to get in shape, our sports medicine team can help. Our staff includes a board-certified sports medicine specialist from Saint Peter's University Hospital, three in-house, fellowship-trained orthopedic surgeons from University Orthopaedic Associates, and physical therapists. Every member of our team has extensive experience caring for professional, Olympic and student athletes...even weekend warriors. All of us at the Sports Medicine Institute are committed to providing patients with a prompt diagnosis, comprehensive treatment and thorough rehabilitation.
