Very few nursing teams have achieved our level of critical success—three times in a row!

CONGRATULATIONS TO OUR ADULT INTENSIVE CARE UNIT FOR RECEIVING THE BEACON AWARD, ONCE AGAIN.

The Beacon Award, presented by the American Association of Critical Care Nurses, recognizes nurses that deliver the very best in critical care to their patients. We're proud to say that out of 6,000 intensive care units across the country, only 10 have won the award three times, and Saint Peter's is one of them. Winning this award exemplifies the uncompromising standards of excellence that our nurses uphold every day. All of us at Saint Peter's congratulate our superb Adult Intensive Care Unit nurses on this significant accomplishment.

For more details on our award-winning nurses, call 732-745-8600 or visit saintpetershcs.com/nursing

Treating you better...for life.
