

SAINT PETER'S IS THE FIRST ACCREDITED BREAST CENTER IN CENTRAL NEW JERSEY!

At Saint Peter's University Hospital, we've always been on the front line in the battle against breast cancer. That's why we're proud to be the first hospital in central New Jersey to earn a full three-year accreditation by the National Accreditation Program for Breast Centers, a program of the American College of Surgeons.

The members of our Breast Care Team pool their expertise, covering 11 medical specialties, to design a customized treatment program for each patient. Utilizing the most advanced oncology treatment options available today, we offer:

- A full range of state-of-the-art services, including: screening and diagnostic testing, chemotherapy, radiation, surgery and post-treatment care
- Compassionate care for patients as well as their families

Saint Peter's University Hospital. Innovative breast care close to home.
