EXPECTANT PARENT CHECKLIST

- Complete the birth certificate worksheet / parent information module.
 - Our Birth Records department recommends selecting your baby's name before discharge.
 - Birth Records recommends you give them this form the day after your baby's birth.
- Complete and return to the hospital the following forms:
 - Authorization and Assignment of Benefits
 - Pre-registration form
 - New Jersey Department of Banking and Insurance
- Complete and bring with you to the hospital:
 - Advance Directive
 - Pre-natal Worksheet
 - Selecting your baby's pediatrician
- Select both an obstetrician and a pediatrician.
- Discuss cord blood preservation with your obstetrician.
- Decide if you want to have your baby boy circumcised. If yes, you should discuss this with your obstetrician prior to delivery.
- Meet with the pediatrician prior to delivery.
- Have your car seat checked by a certified car seat safety technician prior to your baby's arrival.
- Attend expectant parent programs prior to your delivery.
